VIA EMILIA

The Via Emilia collection gives the illusion of beautifully weathered timber. Four colors are available (white, dark, grey, natural) and each has at least 80 different imprints with variations in shade and texture to mimic the organic lines of real wood. Fitting for both floors and wall surfaces, the tiles are available in the following dimensions: 12 in. x 48 in., 6 in. x 48 in., 36 in. x 36 in., 24 in. x 24 in., and 16 in. x 48 in.
