BUILD

A softer version of natural concrete, Build brings a warmth to this classic architectural material. Build is a porcelain collection that emulates concrete with use of aggregate and subtle variation. It has variation, but not overly so. Build is available in 3 colors, 3 sizes for floor and wall and a thinner wall tile in smooth and an effect 3 dimensional pattern. Also available in mosaics.

Technical Information

Finish	Natural	Shade Variation	V4
Thickness	10 mm	Thickness - wall tile	7.4 mm
Tile body (wall tile)	White body	Edge	Rectified
Recycled content	40-50%	Material	Porcelain, Ceramic
Water absorption	<0.1%	DCOF	>0.42
Slip resistance (R)	R10	Slip resistance (Rd)	Rd=37-43 (Class 2)
Modulus of rupture	>43 M/mm ²	Abrasion resistance	129 mm ³
Frost resistance	Resistant	Bond strength	Type C2>1 N/mm ²
Breaking strength	>2700 N	Chemical resistance	UA
Stain resistance	5	Application	Interior floor & wall, exterior wall
