

The image displays a collection of rectangular porcelain tile samples in various colors: brown, blue, pink, green, and purple. The tiles are arranged in a grid-like pattern. Dried, feathery grasses are placed across the tiles, adding a natural, organic touch to the composition. A dark horizontal band at the top contains the text '15 Colors | 1 Size | 1 Finish'.

HARLY

Harly is a glazed porcelain with an imperfect beauty inspired by the traditional characteristics of handmade ceramic. The sinuous surface and slightly irregular edges enrich those characteristics, where each tile is unique in dimension and in the movement of the surface. The recommended grout joint for Harly is between 1/8" to 1/4" due to the irregular sizing of each tile.
