CHAMOTTE

Chamotte is produced in 3"x9", in three variants: Linea - with a continuous relief that runs across the surface, Quadra - where the relief is momentarily interrupted, creating a cusp, and Mono - a "plain" texture to be used alone or paired with Linea and Quadra. The collection is available in 6 colors: Bianco, Blu, Terra, Ocra, Nero and Verde in a glossy finish. The double-firing technique allows for a more accentuated richness of the glazed elements, providing exceptional brightness.

Patricia Urquiola

"Chamotte collection comes from the desire to design an element with great tactile consistency that highlights the brutal and natural beauty of ceramics. We have worked on volumes, creating a surface full of layers and contrasts, both to the eye and to the touch."
